

A map of the United States showing the distribution of the Rocky Mountain Wood Tick. The distribution area is highlighted in yellow and covers the western and central United States, including Washington, Oregon, California, Nevada, Idaho, Utah, Wyoming, Colorado, and New Mexico. The rest of the United States and Mexico are shown in gray. A dashed black line indicates the northern and southern boundaries of the distribution area. The text "Rocky Mountain Wood Tick" is written in bold black font, and "(Dermacentor andersoni)" is written in a smaller, italicized black font below it.

**Rocky Mountain Wood Tick**  
(*Dermacentor andersoni*)
